

# FALL/SPRING ESTIMATED COST OF ATTENDANCE FOR GRADUATE PROGRAMS

## WELCOME TO SAMFORD!

The Cost of Attendance is used to determine eligibility for federal student aid. Amounts reflect the estimated costs for a typical student in your program of study. Currently enrolled students may view the cost of attendance budget that has been used to determine their aid eligibility in the [Samford Portal](#).

Please understand that the cost of attendance includes both direct and indirect costs associated with your program at Samford University. Indirect costs are estimates of expenses that you might incur while attending Samford. Direct costs (tuition and fees) are based on typical enrollment in your program of study. The total cost of attendance may not be an accurate reflection of the true cost of your enrollment. To view specific costs, please review the Graduate Tuition and Fees Worksheets on the One Stop website.

Students completing their final year of pharmacy, law, nursing, or education can find their total estimated costs (including licensure costs) on pages 10-13.
